Call for papers

Dear LS-DYNA users,

We would like to cordially invite you to participate in the 16th LS-DYNA Forum and to actively contribute to the program with a presentation from your application area. Take the opportunity to exchange knowledge with other users and discuss new approaches to solutions.

Optional submission for Ansys Level up 3.0

This year you have the optional possibility to submit your presentation for the LS-DYNA Forum and at the same time for the virtual Ansys conference „Level Up 3.0“ without any additional effort. This will enable you to reach a large, international audience of experts around the globe with your presentation.

We hope to have aroused your interest and look forward to your contribution.

Forum

Presenting

This year you can present on site in Bamberg or online. Please record your presentation of 20 minutes in advance and send it to us. In this way, we ensure that the online conference can take place independently of the infection situation.

Attending

A wide range of presentations will provide information on the latest developments in LS-DYNA, LS-OPT, LS-TASC and LS-PrePost and their possible applications.

Exhibiting and sponsoring

The accompanying software and hardware exhibition informs about trends and developments around LS-DYNA. To participate in the exhibition, please request our information for exhibitors and sponsors.

Venue

Welcome Kongresshotel Bamberg

The congress venue with its impressive architecture between industrial and feel-good lifestyle is a well known host for conferences. Located right on the banks of the river Regnitz, the hotel is only a few walking minutes away from the historic city center of Bamberg.

Address:

Welcome Kongresshotel Bamberg
Mußstraße 7
96047 Bamberg, Germany

Bamberg

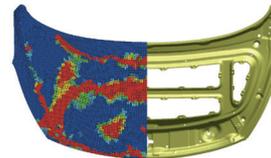

The beautiful city with its historic center is listed as an UNESCO world heritage site since 1993. The city has one of the largest intact old town centers in Europe. Bamberg can be reached by car via the motorways A 70 and A 73. The nearest airport is Frankfurt/Main.
